Project Spotlight – Kauffman Stadium

In this new section of our newsletter we'll highlight a partnership with one of our customers. For our inaugural Project Spotlight we'll focus on our work with Mark One Electric at their Kauffman Stadium project this past year.

This job was part of the three year \$525 million renovation of the Jackson County Sports Complex. Kansas City Electrical Supply ("KCES") was Mark One Electric's lead supplier of materials for the project that was completed on time.

An additional benefit for Mark One Electric in working with KCES was the Women Business Enterprise certification KCES has with both the City of Kansas City and the State of Missouri. This helped Mark One satisfy the vendor diversity requirements of the project.

Please consider KCES as a partner for your projects, big or small. We're committed to providing quality electrical products and service that exceeds expectations while building long-term relationships with our valued customers. <>

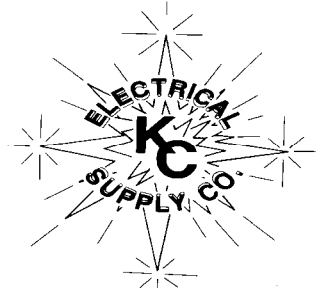

Project Sales Tax Exemptions

Kansas does not recognize Missouri Project Exemption certificates. If you are doing a job in Missouri and you have a Missouri Project Exemption, the material must be picked up from or delivered to a location in Missouri. If the material is picked up or delivered to a location in Kansas (like your shop or storage facility), even though the job site is in Missouri, the material is subject to the appropriate Kansas tax.

The auditors are also watching very closely the project exemption expiration dates. If material is purchased after the expiration date, it is subject to tax. If you believe that you will need to buy material after the expiration date, you can file for an extension with the state of Kansas.

For any questions on this, call Jamie Ulmer in our Credit Department at: 913-563-7005 or email credit@kcelectricalsupply.com.

Please distribute this information within your organization, especially to those purchasing material or quoting jobs for you.

FEBRUARY 2010

IMPORTANT NOTICE

HOUR CHANGE:

Effective immediately and through March 31, 2010 our Troost Avenue location will be closing each day at 4.00pm.

Both branches will continue to open at 7:00am.

Please see the back of this newsletter each month to see advance notice of the price increases we know about at the time of publication. If you need specific information contact your sales person.

Meet the Team Member

Dave Hockla

Warehouse Manager

Dave has been with KCES since 1989, serving in various positions, including Counter Sales, Outside Sales and Inside Sales. In 2007 Dave took over management of the KCES warehouse operation in Lenexa. His responsibilities include routing of delivery orders, warehouse organization and supervision of the department's 10 employees.

Dave is a huge NASCAR fan (rooting for #14 Tony Stewart) and also enjoys skiing. Aside from that, he mainly enjoys spending time with his wife and two kids.

If you have a question regarding a delivery feel free to give Dave a call directly at 913-563-7001.

WBE CERTIFIED

Kansas City Electrical Supply is WBE certified thru both the city of Kansas City, Missouri and the State of Missouri.

This newsletter is sent out monthly with your statements and is also available from our website at: www.kcelectricalsupply.com/news. You can also sign up online to receive them automatically each month via email .
