KANSAS CITY ELECTRICAL

JULY 2011

SXe Software

Due to some unexpected delays, the target date for going "live" on our new software (SXe) has been pushed back. Our user training is scheduled for the week of July 18th with our go live tentatively scheduled for August 15th. A detailed training schedule will be provided the week of July 11th. After the training, but before the go live date, employees will have the opportunity (and strongly encouraged) to work with the "test" software to familiarize yourself with it and learn more about it. The more work we put in ahead of time, the easier our transition will be. We are very excited about the capabilities of the new software and what it can do for KCES. Currently, Stanion and French Gerleman are using this software and have been very pleased.

401 K

KCES is pleased to announce that our 401k match for the plan year 07/01/11 thru 06/30/12 will remain unchanged. KCES will continue to match your contribution dollar for dollar on the first 3%. If you would like to make any changes to your 401k contributions, see John. All changes will be effective the first day of the following month.

Giving Back

Recently, KCES donated material to help rebuild a house that was destroyed by a fire. The house was owned by a woman that is a mother of nine children and had no insurance. Just prior to the fire, her husband left her and emptied their bank account. KCES was pleased to help after being contacted by MC Power/Meyer Complete that donated their labor. Below is a picture of the mother and her children.

Company Meeting

Our annual company meeting will be held on Wednesday, August 24th. The exact time and location will be announced at a later date. We will discuss our performance for the previous fiscal year and our projections for the upcoming year. All employees are encouraged to attend.

Community Garden

A couple of months ago, Izzy suggested that we have a “community garden” in our lot at Lenexa. Izzy, with the help of Steve and Dave, prepared the area and several employees donated seeds, vegetables and herbs to plant. Very soon, we should be able to share the rewards of the community garden. Thank you to everyone that donated items and worked in the garden!

Physical Inventory

The physical inventory for our Troost location will be on Saturday, November 5th beginning at 7:00 a.m. Everyone should be at Troost by 6:45 a.m. Pre-counts will be Friday, November 4th.

KCES is an Equal Opportunity Employer and will not discriminate against anyone applying for a job because of race, color, religion, national origin, sex, disability, sexual orientation or age.

Mark Weber

Mark Weber came up with the great idea of saving light fixtures and other material that comes in damaged and taking it to the scrap yard. Then in turn, KCES donates the money we receive to charity. Because of Mark’s creativity and generosity, KCES made our first donation of \$861.20 to the Red Cross to help the victims of the Joplin tornado. A huge thank you goes to Mark!

New Employee

Dave Wells

Dave comes to us from BA Electric Supply where he worked for 19 years. Dave is married and will soon be celebrating his 40th wedding anniversary! Dave has 2 children and 4 grandchildren (3 girls and 1 boy). He enjoys golfing and home remodeling. Please join us in welcoming Dave to the KCES team.

Holiday Schedule

- Labor Day: Closed Monday, September 5th.

All employees that have completed 90 days of continuous employment will be paid for the holiday.

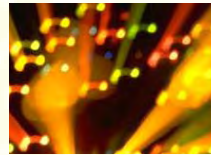

Birthdays

Andrew Whitaker	June 1st
